MIDDLETOWN, DEL.

SATURDAY MORNING, JANUARY 4, 1873.

The Legislature.

The Delaware Legislature will convene in biennial session at Dover, on Tuesday next, January the 7th. The session will probably be of the same duration as that of its predecessors. There being no U. S. Senator to elect there will be no contention over that political bone to enliven the proceedings. While there will, doubtless, be a great many matters come before the Assembly which will be of little interest to the public and of scarcely any importance to anyone, unless it be to those immediately concerned, there will nevertheless, some questions arise which will be of interest and importance to the entire people of the State. That "thorn in the flesh," the Tax Bill, will, of course, come up for the regular revision, and another Utopian attempt will be made to make a tax law which will give general satisfaction—an attempt which will be about as successful as Ponce de Leon's search for the Fountain of Life in the wilds and swamps of Florida. The man or body of men who could frame a tax bill which would please everybody, and at which nobody would carp and denounce as partial, would achieve a performance that would render his memory immortal, and entitle him to a reward far greater and more enduring than that promised to the discoverer of perpetual motion.

The tax on the Railroads and its consequences will, also, come up for its full share of discussion. This tax, we do sincerely think, should be taken off entirely. It is an unwise and perfectly futile attempt to make *those* corporations pay more than their proportion of the State debt, which is unfair and unjust. Besides, it is utterly useless, for the people have it to pay in the end, in the shape of increased fare for travelling and for freights. The burden fal's most heavily upon the peach growers who feel severely the extra amount charged upon each car for the transportation of their fruit, to pay the State tax. The people are beginning to understand that it is no relief to them and their already overdrained pocketbooks to have their Legislature thus cause them to pay additional tax, indirectly, it is true, but none the less surely. If we have the tax to pay anyhow we would just as soon pay it *directly as indirectly*.

The subject which will command the greater portion of public attention will be "Legislativ. Representation." The people of New Castle County have long felt that the large population of this county was not fairly represented in our General Assembly, and on several occasions attempts have been made to secure an increase of the number of our members of the Legislature. It is well known that the people of the two lower counties, fearful of the overgrown power of the city of Wilmington, are not willing and will never agree to an increase of representation under the present Constitution and State division, and though they recognise the great injustice to New Castle county in allowing her no more members of our State council than are given to Kent and Sussex counties when her population and wealth are nearly equal to that of those counties combined, yet believing that "self-preservation is the first law of nature," they refuse to yield to the solicitations and demands of the people of this county. They are apprehensive, and we think justifiably, that were *representation according to population* allowed to this county, Wilmington would become possessed of an undue influence in the General Assembly, and the Agricultural districts would be placed too much in her power. This, of course, the people of those counties and of this county, also, are opposed to. We acknowledge the claims of Wilmington to an increase of members in our Legislature, but we are opposed to granting those claims under the existing condition of affairs. We much prefer *disfranchisement*, as the Wilmington papers term our present position, to dictation at her hands. This the people of this county are heartily tired of, and will never cease to oppose an increase of the burden.

How, then, shall our representation be augmented? Simply by dividing this county, and constituting Wilmington city a county to herself, and would the people of that city join their petitions to those of the people of the rest of the county, and in effecting a division, the much coveted increase of representation could be secured.

The members of the Assembly from [illegible] and prominent citizens [illegible] opposed to [illegible] division of [illegible] made to, and [illegible] will come [illegible] petitions [illegible] Wilmington [illegible] Assembly [illegible] It is understood [illegible] Assembly, which [illegible] for Wednesday [illegible]

to the constitution giving the people of the city and county, whose interests are so materially different, the regulation of their own local affairs. *Sapienti verbum est.*

The especial attention of our readers is invited to the meeting of fruit growers to be held in the Town Hall to-day. The meeting is called by Samuel Townsend, Esq., in his capacity as chairman of the committee appointed at the last regular meeting of the Association to seek new routes and markets for the sale of our fruit. Mr. Townsend has devoted a great deal of time and energy in this object, and desires to report his labors to his associate fruit growers. No doubt the report will be interesting and beneficial to all engaged in raising fruit for market, and we bespeak a full attendance to-day. Our people should take more interest in this matter. The experience of the last few years has proved that the old markets, to which they have been shipping their fruit, are not able to make provision for the immense crops of peaches that are now grown, and to make peach-growing profitable they must turn their attention in other directions, and seek the correction of existing abuses. This cannot be done by each individual acting on his own and sole responsibility. To accomplish an object like this, combination is necessary, and if our farmers would overthrow and get rid of the present monopoly in the markets by which they are chiseled out of the profits of their produce they must unite heartily for its suppression.

The January number of "Scribner's" is on our table. As usual it is replete with entertaining and instructive reading. The story of "Arthur Bonnicastle" is continued and grows more and more interesting. "New Ways in the Old Dominion" brings to light more of the trials of the F. F. Vs. under the new order of things. Many other interesting articles from the pens of some of America's ablest writers grace the pages of this best of magazines. And to those of our readers who have not yet made choice of a literary monthly, we cordially commend Scribner as one of, if not *the* best and most entertaining magazine published. Address, Scribner & Co. 654 Broadway, N. Y.

We take great pleasure in welcoming to our table the January number of the FOLIO. This is the first number that has reached us since the great Boston fire. The office and materials having been badly damaged in the conflagration the publication was considerably delayed. The FOLIO contains its usual amount of choice reading, and selections of excellent music. During the past month it has changed editors and is now published by T. D. Tooker, to whom all subscriptions and communications should be addressed at 122 Washington street, Boston, Mass.

Items of News.

The Fifth Avenue Theatre, New York, took fire Wednesday afternoon, a short time after the conclusion of the matinee performance, and in scarcely more than fifteen minutes after the discovery of the fire the entire structure was ablaze, burning like so much straw. The flames are described as having done their work with so much fierceness and rapidity that in one hour the theatre was but a mass of ruins. It was valued at thirty thousand dollars. The lessee, Mr. Augustin Daly, loses in scenery, properties, wardrobes, &c. $150,000. The performers lost nearly the whole of their private wardrobe.

Governor Caldwell was on Wednesday duly inaugurated Governor of North Carolina. He means, he says, to make it a point of duty to take care of the interests of the people of the State. He will give, he adds, such patronage as he has to bestow to his party friends, when he can find them to suit him, but when he cannot thus fill the offices, he will consider it his duty to select good men from the opposite party.

A London telegram says that hundreds of agricultural laborers, out of employment in England because the farmers refuse to pay the wages they demand, are preparing to emigrate to Brazil. The cargo of cotton on the steamship Minnesota, from New York for Liverpool, took fire when five days out, but she arrived safely at her destination on Tuesday last, when it was discovered that one hundred and fifty bales had been destroyed by the fire.

Considerable excitement has been caused in Frederick city, Md. by reports of a serious accident at the Liberty copper mine, one mile from Liberty, on Tuesday morning. Twenty-six workmen were precipitated a distance by the breaking of a scaffold on which they were standing while at work, and eight of them are said to be badly injured.

Recently at a trial of considerable interest in Rome, where the court-room was crowded, the pickpockets let loose a trained bird, which sailed around the heads of the audience, attracting their attention, giving ample time for the pickpockets to relieve the pockets of the audience.

22,584 rag-pickers prowl the streets of Paris twice in 24 hours; they fill on an average 48,000 or 50,000 baskets a day; the average value of each basket is 50 cents, so that $20,000 are daily found in the gutters of Paris.

Local and State Affairs.

Minor Topics.

Forty years ago Sussex county had several iron blast furnaces, bloomeries and forges, and manufactured from the ore of her own mines a very superior article of both cast and wrought iron. The ore is still plentiful, it is said, and the propriety of starting the furnaces again is being agitated.

Over 400 of the business men of Wilmington neglected to take out license last fall, and Sheriff Armstrong has been quite busy for the past two weeks in serving the proper notice upon them.

The Milford *News* says a 1000-pound bell has been ordered from Cincinnati for the new M. E. church of that place. The carpeting has also been ordered, and will cost nearly $500.

Mr. Gow, of the Van Vorst farm, Milford, slaughtered and shipped to New York, on Saturday week, 61 hogs; the aggregate weight being 13,219 lbs.

The annual meeting of the stockholders of the Delaware Railroad will be held in Dover, January 2.

After Jan. 16th, it is unlawful to shoot game in this State.

The P. W. & B. R. R. Co. have declared a semi-annual dividend of four per cent on the capital stock of the Co. payable January 8th.

The election for directors of the P. W. & B. R. R. will be held at their office in Wilmington, Jan. 13th, 1873.

The New Castle County National Bank of Odessa has declared a semi-annual dividend of five per cent.

At a meeting of the Middletown Building & Loan Association, on Thursday evening, funds sold at 15 per cent.

The Methodists of this town did not hold a "Watch Meeting" on New Year's Eve, as has been the custom heretofore.

A State Convention, to organize a White Man's Party, will be held in Dover, on the 16th inst., and on the same day, at the same place, a meeting of those interested in starting a Morning Democratic Daily paper in Wilmington, will also be held.

The Town Commissioners give notice, in this issue, to all persons owning or occupying property within the town limits, to keep their pavements clear of snow and ice and the gutters open, under penalty of a fine.

Attempted Highway Robbery.

Some days ago as young Mr. Perkins of Chestertown, Kent Co. Md. agent for a Philadelphia wholesale house, was passing through Brown's woods, above Church Hill, he came up with two men who had their horse and carriage standing across the road, and as he approached them one of the men advanced towards him and taking his horse by the bridle rein ordered him to surrender his pocket-book. Having no arms about him, he resorted to the next best means of protecting himself. Giving his horse a sharp cut with his whip, the animal gave a lunge, passing the man and running against the horse knocking him down. Mr. Perkins then ran his horse to Chestertown bridge, not knowing what would come next. It seems that he had considerable money with him, which must have been known by the would-be robbers.

A Peach Canning Establishment.

Mr. Thomas C. Murphey, of this place, in connection with parties from Philadelphia, contemplates converting his mill property, about three miles from Middletown, just over the Maryland line, into a peach canning establishment. We should suppose that a cannery here would pay well, as fruit can be obtained in any quantity, and at reasonable prices. Canneries at Dover pay handsome dividends, and have more orders than they can fill, not only at home but from England. These establishments also pay well in the cities, where fruit and labor are both higher than they are here, and we predict for the Murphey enterprise unbounded success.

The Ice Harvest.

During several days of this and last week, our citizens have been busily engaged in filling their icehouses, and wagons loaded with ice have been constantly rumbling through our streets, adding the noise of industry to the jingle of pleasure. Ice is a cheap, and in summer a delicious luxury, and a little outlay for building ice-houses affords a very great amount of satisfaction in the hot weather of July and August. Middletown is pretty well supplied with ice-houses, but more would be better, in spite of the philosophy of an old farmer, "that so many ice-houses keep the ground too cold for the growing of corn and peaches."

Fires.

At New Castle, early Monday morning, a fire was discovered in Mr. G. Shaw's mills, which originated in a drying room, and destroyed about $200 worth of property. The New Castle hose carriage was out, and, assisted by a number of citizens, soon stopped the headway of the flames, and finally extinguished them.

A barn owned by Lewis Weldon, just beyond Newport, caught fire on Monday evening, about five o'clock, and was totally destroyed. A large amount of hay, fodder, grain, farming implements etc., were in the barn and also destroyed. The building was a very large one, and the loss amounts to about $6,500, which is partially insured.

The Clayton House.

Wilmington's new big hotel has at last been leased by a person willing to run the risk of its paying. The hero is Col. H. W. Sawyer, proprietor of the Ocean House at Cape May. He is spoken of as "a genial and efficient manager," and under his control it is confidently hoped the "Clayton" will soon become a popular hotel to Wilmington's visitors. The lease has been signed, arrangements are being made to have the work on the building finished—the house furnished and open for guests by the 22d of February.

Sleighing.

"Merrily, Merrily ring the bells,
O'er Winter's snow clad hills and dales."

The big snow of last week made some first class sleighing in this neighborhood, of which our young folks, aye, and old folks too, showed their appreciation by using diligently, and the jingle of bells was heard constantly during the day and far into the night, and although, after the more moderate weather of Tuesday and Wednesday the sleighing was not quite so good as before, yet the jingle of the bells was still heard for several days.

Coal Oil Explosion.

On Friday evening, of last week, the guests of the National Hotel, in this town, were thrown into a state of excitement by the cry of fire being sounded from the third story. Upon going to the place whence came the alarm, it was found that a lighted coal oil lamp had been, some how or other, precipitated from a table to the floor, and exploded, setting fire to the carpet. The boarders set to work immediately, and the fire was extinguished before having done much damage.

Concert Postponed.

The concert of the M. E. Sunday school which was to have been given on the evening of Jan. 1st. has been postponed till Wednesday evening next, January 8th, on account of severe colds and other indispositions of the scholars and participants. This concert promises to be interesting and entertaining, and our citizens will do well to give their "aid and comfort" to so laudable an object as that for which this concert is designed—the benefit of the Sunday school Library.

$12 Per Basket for Peaches.

We were told, a day or two ago, of a basket of peaches shipped to New York, last summer, by Mr. B. F. Kanely, which brought the above price. The history of it is as follows: The parties to whom Mr. Kanely sent it sold it for three dollars; the party who bought it sold it for four dollars and a half to go in the country, where it was sold for six dollars. There being a wedding in the town that day, and the groom wanting something inviting to set before his guests, purchased it at the enormous price of twelve dollars.

Changes.

Benedict & Cochran have dissolved partnership, Mr. Cochran retiring, and Messrs. Benedict and C. W. Bilderback have formed a co-partnership for the purpose of carrying on the business of general merchandising, and the firm will become known as "Benedict & Bilderback." Captain Charles Jobe has retired from the Grocery and Produce store to David Shelton, and Mr. Shelton gets back to his old position.

Newark Items.

TABLEAUX.—The Tableaux in the College Oratory on Friday and Saturday evenings, Dec. 20th and 21st, were a decided success. The selection of scenes displayed the excellent taste of the Newark Ladies for scenic effect, and the *encores* of the audience fully attested their appreciation. Of the many scenes presented we especially mention the "Gypsy Camp," with Mr. R. Marley as the Gypsy boy, whose deliverance was so perfect many timid gentlemen went out to look for their horses. "Cupid caught in a net" with little Harlowe Curtis as Cupid, caused the ladies to put their hands over their hearts fearful of the little fellow's darts. "The Doctor's Pets" were quite appropriate: Pills, Ipecac, Epsom Salts and Dough, each labeled with the name of one of the Physicians of Newark. Sam Weiler and Mary shaking carpets was so very excellent that one might think "Dickens" knew Mr. Murphey well, as "Miss C." as Mary, showed just how to shake carpets, turn "Sam's" head, or smash hearts generally. Golden tresses are dangerous either in Tableaux or real life, "so the young men assert." Tennyson's May Queen with Miss M. and R; the Musical Party with Miss J. C. and C. and the Wedding at the country Parson's, with Miss M. M., H. R. P. and E. were each of them happily rendered. The Newark ladies know how to get up Concerts, Tableaux, and make bread, do housework, and make good practical wives for any well meaning, kind hearted, but forlorn Old Bachelors who are shivering in the cold, comfort of miserably kept houses, presided over by either an American Goddess of African production, or some vinegar faced old maid, a sight of whose countenance produces nausea of the head and heart at least.

ACCIDENT.—On Saturday evening as Mr. Wm. D. Cornog was enjoying the sleighing, driving as is customary with him, very fine horses, turning in front of the Deer Park he capsized his sleigh, throwing the bed from the runners, the horses bolted with the runners down the Elkton road, overtaking Mr. E. R. Wilson and J. Thos. Fisher in another sleigh. The running horses plunged into Mr. Wilson's sleigh the occupants barely escaping. Mr. Wilson's sleigh was completely mashed up, and Mr. Cornog's favorite and fastest horse broke his righ fore leg in the pasture joint. By advice of Dr. Stiles Kennedy, the horse was, with the aid of Messrs. Atkinson & Griffith and other friends of Mr. Cornog carried to the Deer Park stables and placed in a sling, when Dr. Kennedy set the limb. The horse will doubtless recover with a stiff pasture joint.

RAILROAD.—Mr. Barry has purchased from a farmer near the State line an entire flock of Turkies, to be used at the opening of the Delaware and Pennsylvania Railroad. This genial Emeralder has a heart equal to the occasion.

SCHOOLS.—The College and Academy opened their second term Jan. 1st—attendance light owing to the holidays not yet being over. Monday next will bring the "Happy Fellows" in—may their numbers constantly increase.

ICE HOUSE.—Mrs. Roach having purchased the old Bennison property is building and ice-house 20 feet square, intending to engage in the Ice Cream and Confectionary business—she understands it.

James H. Ray, Esq. has been confined to his house since Christmas day with a severe bilious attack. He is now better and will be out again in a few days.

The snow is the deepest that has fallen here for years—sleighing excellent and duly appreciated by the young folks.

Odessa Items.

The congregation of Drawyer's Presbyterian Church, gave their Pastor, Rev. Dr. Crowell, a surprise and donation on the Eve of the New Year, and it was an occasion of much pleasure to all present.

A number of the youths of this town, made their *first attempt* at giving a public entertainment, of a comical nature, in the Academy, on last Tuesday evening. The programe consisted of "Negro Oddities" and some other oddities, the performance of which provoked in the audience "broad grins" and other manifestations of mirth. A few gentlemen of "larger growth" gave their assistance in the musical part of the entertainment.

The sleighing was quite good in this locality for several days, and all that could muster a "team" availed themselves of the privilege of enjoying it.

At the annual election of the stockholders of the New Castle County National Bank of Odessa held on the 1st inst., the following named gentlemen were re-elected directors for the ensuing year:—Charles Tatman, Charles Reasing, John Appleton, William Polk, H. N. Willits, S. F. Shallcross, Henry Davis, Samuel Pennington, and David Cummins, and at a subsequent meeting of the directors, Charles Tatman was unanimously re-elected President

At the meeting of the Building & Loan Association of Odessa, on Wednesday evening, the funds were sold at 17 per cent. premium.

Attempted Burglary.

On Saturday night last, Mr. Jacob Sheppard of this town was aroused by a noise as if some one was trying to break into his house, and on making search he discovered that some villain had pryed open the shutters of one of his windows, and had succeeded in raising the sash, in doing which a stick that was over the window was knocked down, making the noise that aroused Mr. S., and the would-be thieves decamped. Mr. E. E. Rice informs us that an attempt was also made on the same night to enter his house.

People, especially ladies, cannot be too careful in securing the fastenings of their doors and windows at this season, as attempts of this kind are becoming numerous. A few well directed loads of shot or pistol bullets might be efficacious in putting a stop to these depredations, and perhaps save the State some expense, and also, save the feelings of certain papers who are always obliged to wince whenever a thief is lashed at New Castle.

S. S. Christmas Entertainment.

On Tuesday afternoon last the ladies and S. S. Teachers of St. Anne's P. E. Church in this town gathered the children of the congregation into the church, and delighted the hearts of the little ones with the usual Christmas entertainment. Owing to a difficulty in obtaining a suitable tree the "Christmas Tree" was dispensed with and the sweetmeats and confectionaries were distributed to the children from the baskets and boxes which contained them. This occasion is always one of great pleasure sure to the little folks, and they look back uponit with feelings of grateful remembrance, and forward to the next with fondanticipations.

Suicide—Sad Affair.

We learn that Mr. Joseph Merritt, who formerly resided in Middle Neck, near this town, but more recently near Chestertown, Md., committed suicide on Sunday morning by shooting himself with a shot gun, while suffering under a fit of mental aberration. The load entered his body at the lower part of the stomach passing upward and killing him almost instantly. We have not learned the particulars of the sad affair.

R. R. Accident and Delay.

On Wednesday evening last the mail train which should have reached Middletown at 7.35 was delayed an hour and a half by the breaking of a tire of the driving wheel of the engine. The accident occurred near Hare's Corner station, and the train was obliged to wait until another engine could be brought from Wilmington.

Saint Ann's Church, Middletown.

There will be Divine Service in Saint Ann's Church to-morrow, Sunday, (D. V.) at the usual hours, 10½ A. M. and 7 P. M. Holy Communion will be administered at the usual hour. The Rev'd. T. Gardiner Littell, Rector of St. John's Church, Wilmington, will officiate.

A Fine Present.

Our fellow townsmen, J. Thomas Budd and John R. Hall, Esqrs. were the recipients, on Thursday last, of a fine deer, weighing about 100 pounds and very fat, from Mr. J. P. Hebart, of Williamsport, Pennsylvania. A deer is quite a curiosity here, and the arrival of one at the Express Office attracted quite a number of spectators.

A Strange Animal.

On Wednesday last, Mr. J. T. Lesby, who resides near Cecilton, sent to our office the skin of an animal which he calls the "Octoroco Possum," an animal "seldom, if ever seen in this section," which he says he caught on his farm.

Off to Jamaica.

Mr. Edward W. Lockwood, of this town, proposes to start to-day for the Island of Jamaica, one of the West Indies. We wish him a pleasant and safe journey.

Fashionable Wedding.

Elkton society was thrown into a flutter of excitement last week on the occasion of a fashionable wedding in the M. E. Church, Dr. R. F. Toll and Miss Mary E. Ellis, both of Elkton, being the principals in the affair. The wedding took place on Thursday evening, and, as is usual at church weddings, the church was filled to overflowing before the appointed hour for the ceremony. The wedding was conducted after the English style. There were six groomsmen with as many attendant bridesmaids, and in approaching the altar the groomsmen all proceeded together, followed by the bridesmaids, after whom came the groom, supporting the bride-elect's mother, and the bride-elect leaning upon the arm of her father. On leaving the church the groomsmen and bridesmaids walked together. Dr. Thos. H. Gilpin, of this town, acted as first groomsman and Miss Nannie Ellis as first bridesmaid; second attendants, Mr. F. A. Ellis and Miss Addie Maffit; third attendants, Mr. R. C. Levis and Miss Mary McIntire; fourth attendants, Dr. H. C. Register and Miss Delia McCullough; fifth attendants, Mr. Watt and Miss Mary McCullough; sixth attendants, Mr. Clinton McCullough and Miss Lizzie Robertson.

From the *Cecil Whig* we take the following:

"At a quarter past seven the bridal party entered the auditorium of the church, and approached the altar, where Rev. James McIntire awaited their coming to tie the sacred knot.

The bride looked sweet, dressed in French muslin, trimmed with ruffles and puffs, and looped with orange blossoms. Her hair was dressed with orange blossoms, and she wore a bouquet of the same flowers at the neck, and pearl ear pendants. A long veil enveloped her entire form as she took her place before the altar, by the side of him to whom she was about to pledge a life for better, for worse.

Three of the bride's maids wore white tarltan with blue trimmings, and three French muslin trimmed with pink. The bride's maids wore short veils. The gallant groomsmen who supported them were dressed in clawhammer coats, with buttonholes in the button hole and snipped collars, very becoming to long necks.

The ceremony was performed with a ring and was very pretty. After the knot was tied the bridal party withdrew to the bride's home near the Church, whence, like the dove after its visits to the ark, she was soon to go out into a world of promise, figuratively to return no more. Refreshments were served to the company, and after a pleasant hour passed the bride and groom took the 9½ o'clock train for Philadelphia."

For the Middletown Transcript.

On the 21st day of November, 1872, a number of gentlemen, believing some steps should be taken toward the establishment of a Democratic paper in Delaware, met in the parlors of the United States Hotel, Wilmington. At this meeting were present gentlemen representing both the Greeley and Straight-out wings of the party, and the deliberations there had were of a harmonious and pleasant nature, resulting in the unanimous opinion that the Democratic party in Delaware was in need of a live, earnest newspaper that should be the party organ, and be published in the interest of the Democracy. A preamble and series of resolutions were then reported to the meeting, read seriatim and adopted as follows:

WHEREAS, the interests of the Democratic party and its principles are suffering for the want of a live, earnest newspaper in Delaware whose politics shall be Democratic, while its news and literature shall be of a general character, and

WHEREAS, a newspaper of this character will better subserve the purposes of its projectors by being established upon a stock basis with sufficient capital stock to secure success and interest more persons in its welfare and make it a party organ, therefore be it

Resolved, First. That there shall be established in Wilmington a Democratic newspaper that shall be issued daily in the morning upon each of the secular days, and also issue a weekly edition upon each Saturday.

Second. The newspaper shall be established upon a stock basis under charter as an incorporated Company.

Third. The Capital stock of such company shall be ten thousand dollars, divided into one thousand shares of ten dollars each.

Fourth. The payments for stock shall be in installments as follows: first payment, five dollars per share, and subsequent payments in such sums and at such times as an executive committee may require.

Fifth. No installment shall be demanded or paid until at least eight hundred shares of stock shall be subscribed.

Resolved, That the Chairman appoint a committee who shall have power to appoint sub committees and employ canvassers, if necessary, in every town and hundred in the State to carry out these resolutions and to call a meeting of the stockholders in the city of Wilmington so soon as the requisite number of subscriptions are received.

Resolved, That when this meeting adjourn, it adjourn to meet in Dover, on Thursday, January 16, 1873, and an invitation be extended to all Democrats to meet in Dover with us.

Resolved, That the gentlemen here assembled constitute a committee of correspondence, whose duties shall be to write to Democrats of their acquaintance requesting their aid in this movement.

In the city of Wilmington there are five good well-managed Republican newspapers, two of them dailies, and the enterprise with which they are conducted is such that the Democrats are compelled to support them, recognizing, as business men, their advantage to all persons as an advertising medium. These papers are of course exponents of Republican doctrines, and every issue contains some carefully prepared arguments in favor of the Republican party. In this same city of Wilmington, (the capital city of a Democratic State), with a population of near 40,000 people, there is but one Democratic daily and two weeklies in circulation. Is it, therefore, a matter of surprise that Wilmington city should give large Republican majorities while the Democrats work at so much disadvantage? For, however much the Democratic one daily and two weeklies may try, they cannot and do not successfully compete in circulation with the five Republican papers, edited as they are by young, vigorous, enterprising men, encouraged and supported by a liberal party prodigal with their means in disseminating their doctrines.

At the party meeting to be held in Dover, January 16, it is proposed to discuss some of the measures likely to come before the Legislature, viz: The ten cent tax on travel: the tax of seven dollars and a half indirectly laid upon the peach grower; a division of New Castle Co.; a State Convention; the tax on bonds and mortgages; tax on labor; attachment of wages; exemption; the making of labor a preference claim in bankruptcy, &c., &c. These and many other matters will make the Dover meeting an interesting and important one, and one that every Democrat, who possibly can, should attend. Application has been made to the railroad authorities for half-fare rates from all points on the Del. R. R. to Dover and return; also, to provide special cars for the return trains in the evening, thus enabling all who choose to spend one day in Dover whilst the Legislature is in session—participate in the establishment of a strong newspaper that shall be thoroughly Democratic in all its teachings, and by its aid prepare the way to reclaim little Delaware from the hands of the Radicals, and again place her in the van of those States, and that people who still believe in the Democratic party. The meeting will be organized at two o'clock, P. M., in the parlors of the Capitol Hotel, and business at once taken up in order to be ready for the return trains. Come out then, Democrats. Help start this party organ, and thus open the campaign for 1874 with the full determination to then elect a Democratic Congressman, a Democratic Governor, and a Democratic Legislature. With respect,

WM. REYNOLDS,
Secretary of the Meeting in Wilmington.

Newark, Del., Jan. }, 1873.

The ice gorge at Henderson, Ky., broke Thursday morning, and also one at Rockport, Indiana, crushing two flatboats and the steamer Commercial, lying at Evansville wharf. The steamer was valued at $3,000, and was not insured.

At Springfield, Ohio, on Tuesday night, Nancy Northington was murdered by her husband, and her son terribly mutilated, his skull being crushed with an axe. It is supposed the husband was intoxicated.

The New York and Brooklyn bridge when finished will be the largest suspension bridge in existence. The hight of the towers above the high water mark will be 268 feet, the hight of the main span, by the same measurement, 135 feet; the length of the river span 1,610 feet, of each land span 240 feet; of the New York approach, 1,441, of the Brooklyn approach, 941 feet; and the total length of the bridge will be 5,878 feet.

On Wednesday evening, the 18th of December, 1872, in Drawyer's Presbyterian Church, by Rev. J. Crowell, D. D., James T. Shallcross and Mary E. daughter of Wilson E. Vandegrift, Esq. all of New Castle county, Del.

On Tuesday afternoon, the 31st of December, 1872, at "Fairview," the home of the bride, by Rev. John Crowell, D. D., Robert T. Houston of Philadelphia and Julia J. daughter of A. Ennis, Esq. of New Castle County, Del.

DIED.

On December 31st, 1872, near Kennedyville, Md., Helen, daughter of S. Hepburn and Sallie T. Blackiston, aged three years.

On Friday morning, January 3d, at the residence of his son-in-law, Jas. H. Scowdrick, Esq., in this town, Dr. John Frazer, in the 89th year of his age.

His funeral will take place from his late residence near Sassafras, Md., on Monday next, at 2 o'clock, p. m.

OBITUARY.

Seldom has death invaded the household so suddenly as in the death of Mrs. Mary R. Mansfield, wife of the late James C. Mansfield, New Castle, Delaware; who departed this life on Tuesday, the 17th of December, 1872, in the 70th year of her age. Though far advanced in life, she possessed perceptions that were quick, and a vivacity of disposition that seldom exists in one of her years—Genial, kind, benevolent, charitable and amiable, blended with a religious belief that was beautiful to behold. Her attachment to the friends of early youth was as fond and as deep, as moved by youthful fervor, and many times had it been, in the last four months, my pleasure to hear her express her affection for those that had been so far, and long separated from her; to hear her so often throw the mantle of charity over those who had not performed well their part in the race of life, recommending kindness and forgiveness. The love she bore the church, its beautiful services, prayers and liturgy, was indeed strong in death, never forgetting the requirements of the church. Her sight had been much impaired for some years, but to see the pleasure it gave her, to hear read to her the Bible and Church Service, (with all of which she was familiar) would cause me to still more highly regard her sincere love for Christ her Redeemer. Indeed, in her death has the Church lost a zealous and ardent supporter; her relatives a generous and loving friend; her friends a pleasant and agreeable companion. Let us imitate her worthy example, her christain virtues, so that at the *great summons* we too, will be prepared for that bliss which is eternal and forever. H.

The people prefer it to any other, the Farmer's, Western, Southern or the numerous local almanacs when they can get Ayer's. It is supplied gratis by the druggists, and should be preserved for constant reference and use. SCRIBNER'S MONTHLY.

Extraordinary Inducements to New Subscribers.

500 PAGES FOR $1.00! &c.

THE Publishers of SCRIBNER'S MONTHLY, in their Prospectus just issued, promise for the ensuing year a more brilliant array of contributors, and an increase in the variety and beauty of its illustrations, already conceded by the critics to be "finer than any which have hitherto appeared in any American magazine."

Dr. Holland, the Editor, will write the serial story for the year, which will be autobiographic in form, and will be illustrated by Miss Hallock. It is entitled Arthur Bonnicastle, and will deal with some of the most difficult problems of American life. It was commenced in the November number.

There will be a new story by Saxe Holm,—The One Legged Dancers.

Bret Harte, the best writer of short stories now living, will contribute a characteristic story, entitled The Epic of Fiddletown, which will be illustrated by Sheppard.

F. H. Stoddard will write a series of entertaining papers about Authors, their Personal Characteristics, Home Life, Families, Friends, Whims, and Ways. A series of Portraits of Living American writers is also promised.

Clarence Cook will write about Furniture, and the Decoration of American Homes. These papers will be eminently practical as well as artistic, and will be illustrated with designs and sketches by numerous artists in addition to those which the writer himself will furnish.

Among those who will contribute are:

Hans Anderson, Bryant, Bushnell, Eggleston, Froude, Higgins, Bishop Huntington, Bret Harte, John Hay, H. H. Macdonald, Mitchell, Miss Phelps, Stedman, Stockton, Stoddard, Celia Thaxter, Warner, Wilkinson, Mrs. Whitney, besides a host of others.

The editorial control and direction of the Magazine will remain in the hands of Dr. Holland, who will continue to write "The Topics of the Time," which the New York *Independent* says "are more widely quoted than any similar papers in any American Magazine."

Watson Gilder will write "The old Cabinet;" as hitherto, Prof. John C. Draper conducts the Department of "Nature & Science." The departments of "Home and Society" and "Culture and Progress," will engage the contributions of more than a score of pens on both sides of the Atlantic.

The subscription price is $4.00 a year, with special rates to clergymen, teachers and postmasters.

Extraordinary Inducements are offered to new subscribers.

For $5.50 the Publishers will send, or any Bookseller or Newsdealer will supply the Magazine for one year and the twelve numbers of Vol. III. and IV., containing the beginning of Mrs. Oliphant's Serial, "At His Gates;" for $7.50 the Magazine for one year, and the 24 back numbers from the beginning; for $10.50, the Magazine for one year, and the 24 back numbers bound (4 vols.) charges on bound vols. paid. This will give nearly 5000 pages of the choicest reading, with the finest illustrations, for $10.50, or nearly 500 pages for a dollar, and will enable every subscriber to obtain the series from the first. Select Poetry.

ANTHONY AND CLEOPATRA.

I am dying, Egypt, dying;
Ebbs the crimson life-tide fast,
And the dark Plutonian shadows
Gather on the evening blast.
Let thine arm, oh Queen, support me,
Hush thy sobs and bow thine ear;
Hearken to the great heart secrets
Thou, and thou alone, must hear.

Though my scarred and veteran legions
Bear their eagles high no more,
And my wrecked and scattered galleys
Strew dark Actium's fatal shore—
Though no glittering guards surround me,
Prompt to do their master's will,
I must perish like a Roman—
Die the death, Triumvir still.

Let not Cæsar's servile minions
Mock the lion thus laid low;
'Twas no foeman's hand that felled him—
'Twas his own that dealt the blow;
Here, then, pillowed on thy bosom,
Ere you star shall lose its ray,
Him, who, drunk with thy caresses,
Madly threw the world away.

Should the base, plebeian rabble
Dare assail my fame at Rome,
Where the noble spouse, Octavia,
Weeps within her widowed home,
Seek her! Say the gods have told me,
Altars, angel's circling wings,
That her blood, with mine commingled,
Yet shall mount the throne of kings.

As for thee, star-eyed Egyptian,
Glorious sorceress of the Nile!
Light the path to Stygian horrors
With the splendor of thy smile;
Give to Cæsar crowns and arches—
Let his brow the laurel twine;
I can scorn all Cæsar's triumphs,
Triumphing in love like thine.

I am dying, Egypt, dying;
Hark! the insulting foemen's cry!
They are coming! Quick—my falchion!
Let me face them ere I die.
Ah, no more amid the battle
Shall my voice exulting swell!
Isis and Osiris guard thee—
Cleopatra—Rome—farewell!

MILLIONS Bear Testimony to their Wonderful Curative Effects

They are not a vile **Fancy Drink,** Make of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced and sweetened to please the taste called "Tonics," "Appetizers," "Restorers," &c., that lead the inebriate to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms are the Offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequaled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

SCROFULA OR KING'S EVIL, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

PIN, TAPE AND OTHER WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished Physician, there is scarcely an individual upon the face of the earth whose body is entirely free from the presence of worms. It is not upon the healthy portion of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicines, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Sold by all Druggists and Dealers.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye.

FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation;* which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which they *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor,** and **Loss of Appetite,** they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers,** they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa,** but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back,** and **Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings,** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression,** a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill,* take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
